

Fellow workers,

Greetings in the wonderful name of our Lord and Savior - Jesus Christ.  
I pray this Report finds you all in the best of health, serving Him.

**The Congregation(s):**

Both Belmont & Richland Park are doing great! With the exception of Br. Kendol Hackshaw (whom we'll have have withdraw fellowship from if he refuses to repent) everyone is growing at a commendable pace - thanks be to God.

- **Safya Richards has expressed her desire to be baptised into Christ.** She is the sister of Br. Eugene Richards. She attends services at Belmont on a regular basis and after sound teaching and encouragement, she is ready to take the next step.

After a short break, **Saturday afternoon classes at Belmont are on the way again.** Its an opportunity where we invite all the WBS, local BCC's, home study students along with members of the church and have one session together, beneficial to all.

**The Crusade schedule for Ginger Village** is still in its planning stage. Lately we have been having a lot of rain and from the way its looking, dry season will be a scarce commodity this year. The Biabou church has agreed to assist us again in the area of P.A System and congregational support.

**Rohan Hector:**

It gives me great joy to bring to your attention the following:

- **My wife and I are expecting our 1st. child** late December early January. Thanks be to God. Even though she is sick continually we are looking ahead to the joy that is to behold us.

The Caribbean Lectureship is in July. If her condition does not improve before such time, we will not be attending this year.

My plan to acquire a permanent job with the Government has fallen through. I have however sent my Resume to our local electricity company "VINLEC" for a position within their company.

It is still my intention to be self-supported (working a full time job) as I continue with the work of the church. For Belmont to be a self-supporting congregation its important for them to have a example I believe.

**Financial Report:**

We are doing our best to "nail down" a reasonable price from Br. Williams for his property in Belmont. Will keep you up to date on our progress.

- EC\$100. is still being allocated monthly towards transportation.

Currently the church at Belmont has approximately EC\$14,500. in a saving A/C at the N.C.B

Words cannot express the gratitude I have towards West End for helping me to realise my true potential where the word of God is concerned. Thank you Thank you Thank you!

Rohan Hector
