

Fellow workers,

Greetings in Jesus' wonderful name. Here's hoping this Report reach you all in the best of health, serving the Lord.

The month of August brought new hopes and ideas for both the church in Belmont & Richland Park. Two days ago my younger brother left our shores to attend the Trinidad School of Preaching & Teaching. Soon there'll be another preacher in the family!

Work in the Fields:

Most of the month was spent dealing with problems. Several of the students just wanted to talk about what they are going through, not so much study the Bible. Accomodation was made, however, we always ended with the Biblical attitude one must possess in such situation. The church at Richland Park have expressed their willingness in assisting us with our work day and vice versa. Yesterday I received a package of Tracts from a brother in England. Several of these will be photocopied and used in the spreading of the gospel both in Belmont & Richland Park.

Sandra Andrews - one of my student from the Ginger Village, La Croix area is in charge of the Post Office in Belmont. I visited her at her work yesterday, enquiring about the WBS students in the area. Happy to report that she will be referring them to me whenever they come to collect their lessons.

The Congregation(s):

We are really making an impact on the young children in the village. Every Sunday we are seeing more and more visiting us. Unlike the older folks, they are not waiting until we finish our building to come (smile).

Richland Park will be having a Revival from the 8-12th Sept. Br Cutberth Cumberbatch will be here along with another brother from St. Kitts to preach for us. Arrangement will be made for Belmont to be there each night.

My responsibility to both congregation has moved up once again. Sunday nights service at Richland Park will commence again and necessity was laid on me to teach the class. Due to the fact that we only have access to the school on weekends, I'll be inviting as much members from Belmont to be there and be part of the class.

Financial Report:

\$100. EC is still being allocated towards transportation. There's an urgent need for an increase because of the price of petrol. However, due to the urgent need of the building it will remain there until such time.

Today we had whole day fellowship both Belmont & Richland Park. Bequia was unable to make it up to be with us. At the end of it all I express my Joy in working with both congregations, and my sole intention - to assist the church to grow both Spiritually and Physically.

To all at West End I'll like to say "Thanks for the support & the encouragement received from day 1 until this hour". May God continue to bless you so you can bless others.

br. Rohan Hector
