Subject: Belmont Report - August 2004

Dear Fellow workers,

Greetings in the wonderful name of our Lord and Savior - Jesus Christ. I pray this report finds each and everyone of you in the best of health, serving the Lord.

I received an email from and it brought nothing but great news about West End - you are growing by leaps and bounds. Thanks be to God. Continue the wonderful job you guys are doing.

I wish my report was along the same line, sad to say its not.

We have lost yet another strong soldier at Belmont. Br. Eugene took up his job in the Grenadines Island of Canouan last week. On another sad note, the church on that Island has come to nought. The preacher there left for the US to get his social security in order. Canouan was very close to our heart in Belmont. Br Eli Richards left Belmont to assist in the work there, and Br. Eugene went down once a month to preach and teach.

Media Programs:

For the past 3 weeks I co-hosted "**Scripture Search**" with Br. Joel Jack on WE FM 99.9 It is an interactive program. We discuss a scriptural topics and encourage the listening audience to call. The program is fairly new, and yet we have already started a stir.

My services was requested to host our TV program "**The Bible Speaks**", but it looks like I have to stand down because of the work load I'm currently carrying.

Congregations:

Despite the setbacks, both Belmont & Richland Park continue to persevere. This Sunday, if it be God's will, we will be journeyig to Spring Village to worship with the brethren there. Our next visitation to a congregation will be the 1st. Sunday in November, when we will visit the Retreat church. We have clean up the site for our new meeting place at Fairbarn Pasture. As you are very much aware, we started work in that area several months ago. This meeting place will give the students in that village the opportunity to come and witness what we have been teaching via BCC's and home studies.

Financial Report:

Everyone has been affected by the increase in Gasoline prices here in SVG. I have, however, chosen to stick with the \$100.EC that is allotted for Monthly Transportation. We are yet to work out our budget for the new meeting place. We are still awaiting legal documents and plan before we go any further.

Will keep you up to date on the progress.

Sharlene and the baby is doing fine. She experiences stomach and back pain now and then, but nothing to get worked up about - I hope. The Doctor says Dec.18th. is the due

date, but Sharlene wish it was yesterday. Please continue to pray for us that all will go well, and another soldier will be born to carry on the good fight of faith.

Rohan
